

Sunderland Clinical Commissioning Group

Sunderland Clinical Commissioning Group

**West Sunderland Locality Patient Group
23 April 2103, Pallion Health Centre (10.30am – 12.30pm)**

Meeting Notes

- Ian Pattison (Chair, Sunderland CCG) updated the group on CCG plans and priorities and answered group queries.
- The Francis Report will need to be further explored and the group may wish to look at this.
- Producing a Newsletter for patients was considered – will return to this at a later date
- An advertisement for LPG's should be in all practices
- LPG information should be sent directly to Practice Managers (rather than Locality Leads)
- The Locality staff members will be invited at a future date (not all the time)
- The Terms of Reference and ground rules were developed from an earlier document. These will be taken to the next meeting.
- It was difficult to use the 'Plan of a Page' to understand the commissioning intentions as it does not carry a lot of detail.
- Lynsey Kaizley (CCG Contract Manager) will be invited to the next meeting to explain in more detail. Also Dr. Gilmour (CCG Vice Chair and Locality Executive Lead for West Sunderland) – if he is able to come.

Next meeting: Wednesday 22nd May 2013, 10.30am – 12.30pm, Pallion Health Centre
